

MAKE A NOISE

Drive long-distance transportation of horses for slaughter off Europe's roads

ILPH PETITION

FOR: Commissioner Markos Kyprianou

*Commissioner responsible for Health and Consumer Protection
– European Commission*

As part of the 2009 review of EU Council Regulation (EC) No 1/2005, we the undersigned request that the European Commission introduces finite journey limits for all horses destined for slaughter in Europe. Action on this issue will alleviate the suffering associated with unnecessarily long journeys to slaughter.

In order to immediately improve horse welfare (based on the standards imposed on transporters in the aforementioned Regulation) we request that robust enforcement is assured across all EU Member States as a matter of urgency. **THANK YOU.**
